April 12, 2024

Dear neighboring community;

The Hamlet Board of Crystal Lake within the RM of Keys No. 303 is planning on building a washroom facility on its public beach. We are writing to the surrounding communities whose residents enjoy this beach for summer activities. As you may know our beach is open to all at no charge and is a popular summer attraction. As well swimming lessons are conducted here each summer which is a great benefit to our children.

The Hamlet is looking for any financial assistance your community may be able to provide for this facility. Our plan is to construct a two bay washroom/change room with an attached covered picnic shelter. This facilities will replace an aging picnic shelter as well as adding modern, fully accessible washroom facilities. We are confident this project will be much appreciated by swimming lesson students and parents as well as the numerous families and groups who use the site for summer picnics.

All contributions will be greatly appreciated and donors will be recognized on a plaque at the site. Please make any donations payable to the RM of Keys No. 303 with a note indicating Crystal Lake Washroom Project.

Thank you for your consideration and support.

Miranda Petryshyn
Administrative Assistant
RM of Keys No. 303
